

Website feedback

Overall feedback

- The website is a bit text-heavy. Show what you want with straight-to-the-point text and images.
- No clear visual hierarchy guiding parents toward the tour booking CTA. The button should be shown in a few areas of the website.
- Text and website feel a bit too formal instead of the warmth and kindness you want to show parents.
- Facilities, events, and daily life are described; this should rather be shown via photos.
- Add testimonials.

Navigation Bar

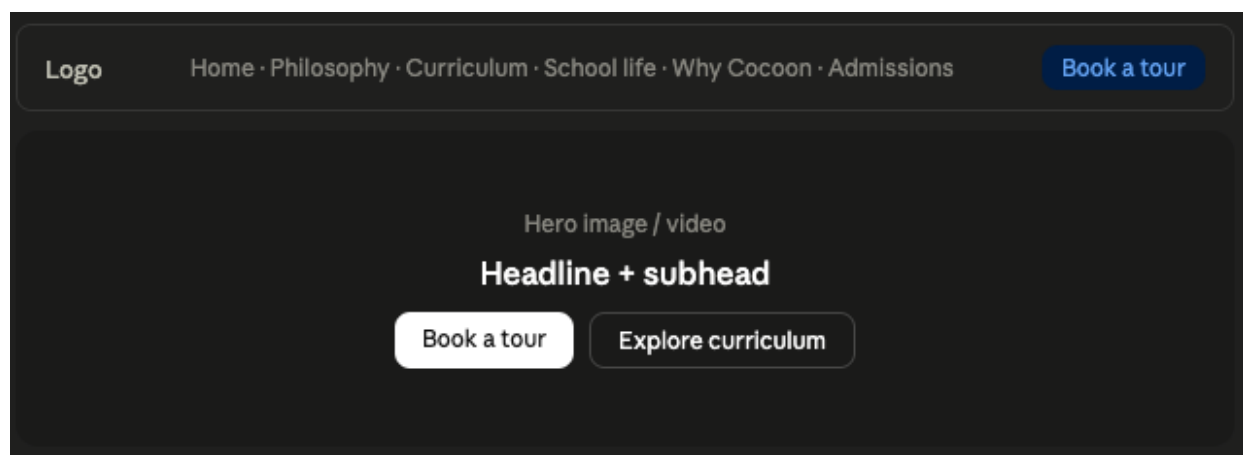

Proposed site structure

- **Home** – hero with strong visual + single CTA (Book a Tour), 3 quick value props (100% English, daily outdoor time, adaptive/multicultural learning), brief EMBRACE values teaser, curriculum age-group teaser, "why Cocoon" highlights, testimonial/social proof placeholder, closing CTA banner
- **Our Philosophy** – vision, mission, EMBRACE values explained properly, Montessori approach, founders' story
- **Curriculum** – the three age groups (Caterpillar, Butterfly, Preparatory) each with their own card/section, what a day looks like, sample schedule/menu downloads
- **School Life** – facilities (Art Studio, Cooking Lab, Library, outdoor areas), events calendar, meals & nutrition, health & safety, transport
- **Why Cocoon** – differentiators, international team, transparent tuition
- **Admissions** – enrollment status, process steps, FAQ, tour booking form (the conversion page)
- **Contact** – map, phone/email, hours

1. Hero Section

Layout notes: Full-width hero image/video (candid, natural-light photo of children outdoors or in a Montessori classroom – warm, earthy tones matching brand). Headline + subhead overlay, two CTAs side by side. Sticky nav bar with a persistent "Book a Tour" button visible at all times (not just in hero).

2. Our Philosophy

Vision

We envision a generation of children who build themselves — children trusted to follow their own developmental path, in a prepared environment that meets them exactly where they are. Guided by the Montessori belief that the child is the architect of their own growth, Cocoon exists to protect that natural process: to give every child in Đà Nẵng the freedom, order, and quiet support they need to become independent, self-disciplined, and whole — not because they were taught to, but because they were given the space to discover it themselves.

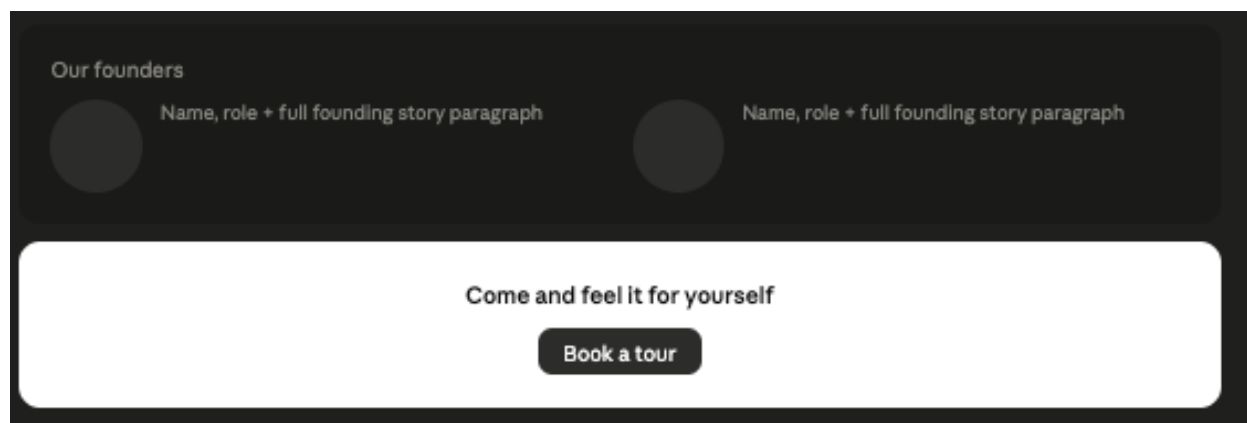

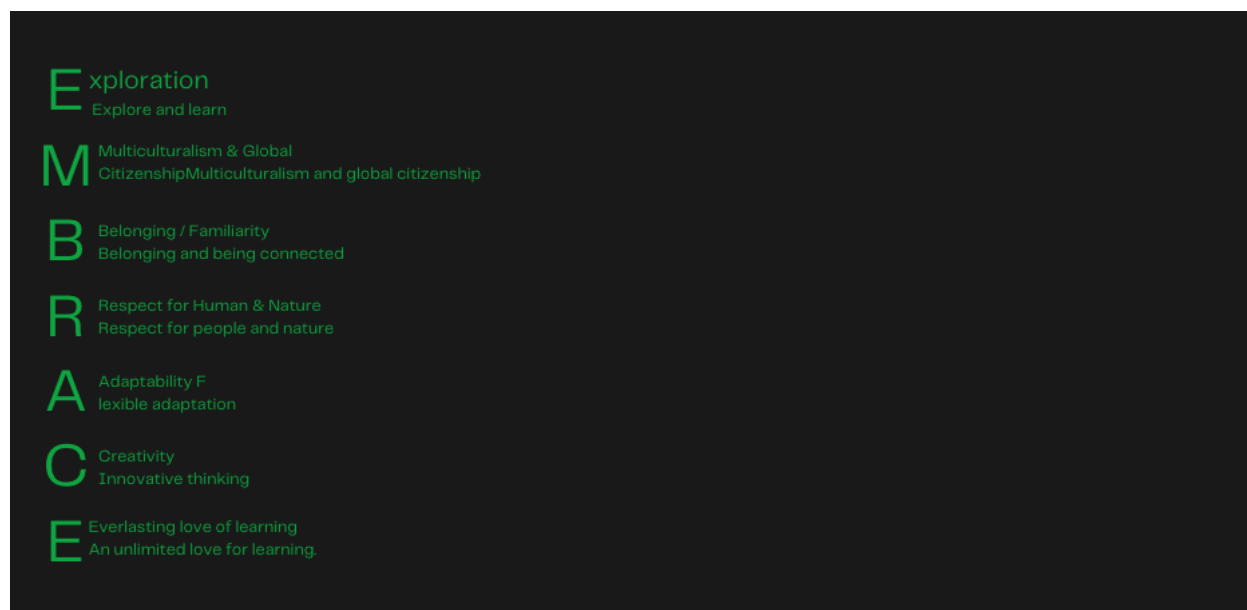

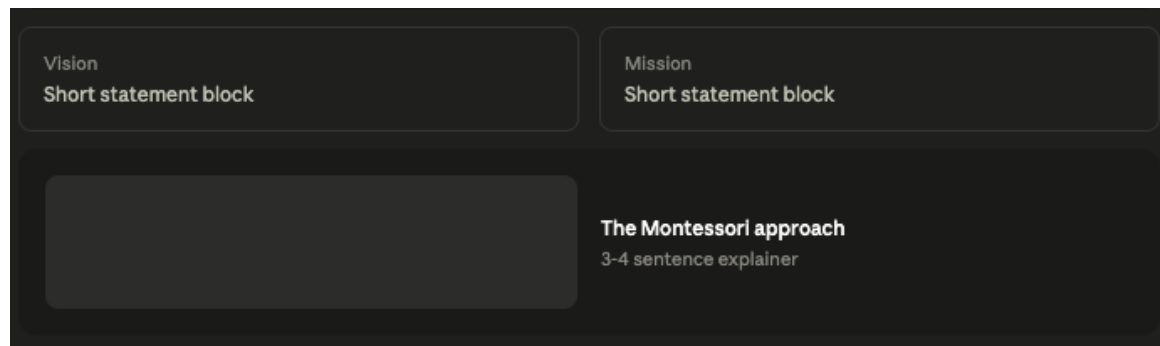

Mission

To give every child an environment built around *them* — one that draws out their unique potential, grows independent thinkers, confident communicators, and lifelong learners who carry compassion for the people and world around them.

Core Values

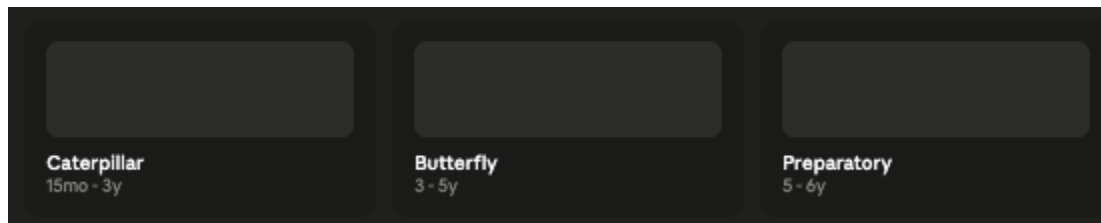

Embrace **Layout notes:** Short, bold statement — Run the words vertical with the meaning besides each letter.

Founders

3. Curriculum

Layout notes: Three full sections, each with its own large photo, color accent, age range, description, and a downloadable PDF link (sample menu/schedule – you already have these on the current site). These can be shown as a button with the age groups where users can click on it to expand (or go to a new page)

4. School Life

Layout notes: Icon grid, 5–6 items. Keep each to a phrase, not a paragraph – this is a scan-friendly summary, detail lives in sections above.

facilities (Art Studio, Cooking Lab, Library, outdoor areas), events calendar, meals & nutrition, health & safety, transport.

Copy

Montessori work -

Children choose their own work. They focus in a way that surprises even the adults. Here is an idea on how it should be displayed.

Outdoors

Bare feet on grass. Hands in soil. A lizard spotted on the wall.

Meals

Carefully designed to ensure proper nutrition. Meals consist of Breakfast, fruit, lunch, snack.

Afternoon

Art, music, cooking, science – afternoons are for exploring the world in all its forms.

School year calendar - an image of the calendar when users click onto the tab.

Meals & Nutrition - an image of the menu when users click onto the tab if there is one and if it is the same monthly, or is there a way it can be updated?

Our spaces — full photo, alternating layout (not icon cards)

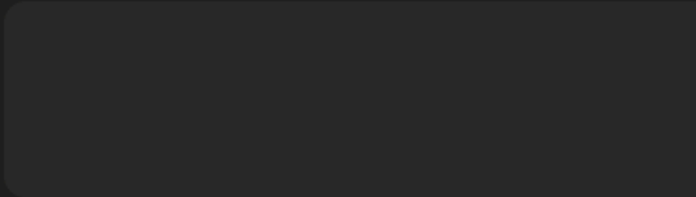

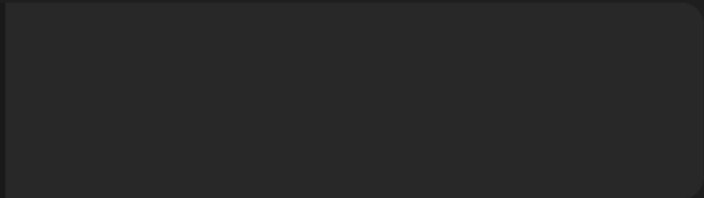

Outdoor areas

2,000m² · garden · sandpit · grassy hill · wooden climb

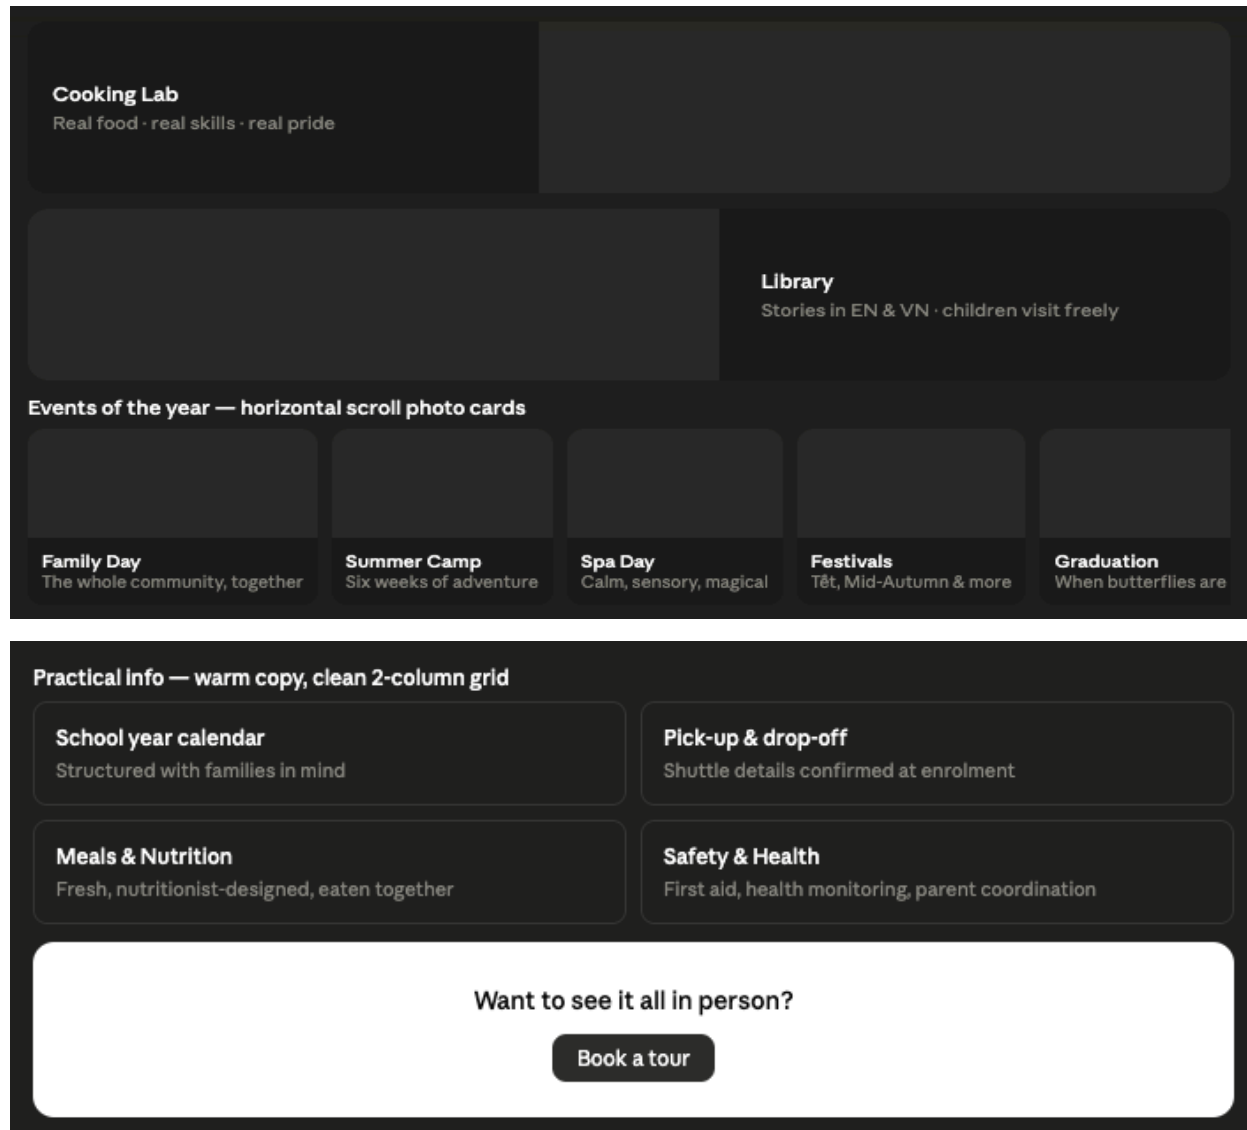

Montessori classrooms

AMI-standard · child-sized · Nienhuis & GAM materials

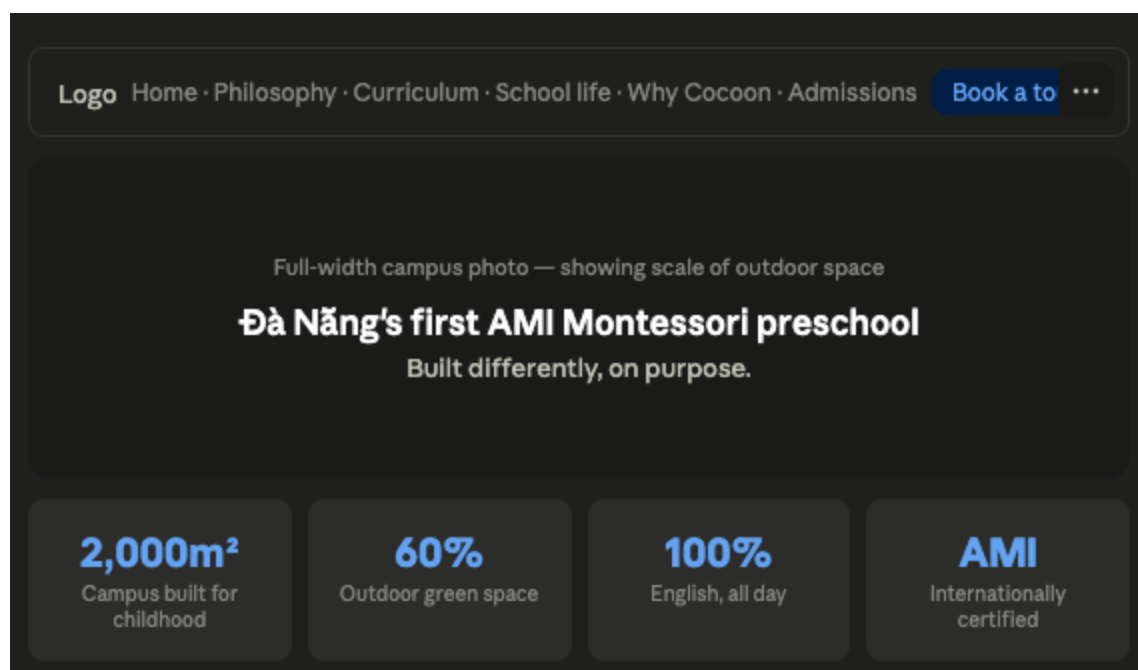

Art Studio

Where mess is welcomed · daily, not just special occasions

5. Why Cocoon

Stats strip immediately after the hero — 2,000m², 60% green space, 100% English, AML. These land as hard facts before you've even read a word of copy.

The Reasons — Photo-led, full-width alternating layout

Layout notes: Each reason gets a large photo (left or right, alternating) + headline + 3–4 sentence body. Think of each block as a magazine spread.

01 — A campus built for running, climbing, growing

Photo: Wide shot of the outdoor garden/playground

Copy: Most preschools have a playground. Cocoon has a world.

Set on 2,000m² with 60% given over to green, open space — children have room to actually run. A 200m² vegetable garden they tend themselves. A sandpit and water play area. A wooden climbing system. A grassy hill with no purpose other than to be run down as fast as possible.

02 — Classrooms designed for the child, not the teacher

Photo: Interior Montessori classroom

Copy: Walk into a Cocoon classroom and the first thing you notice is the quiet. Not because children are sitting still — but because they're genuinely absorbed in their own work.

Our AMI-standard classrooms are child-sized in every detail. Lightly colored, carefully ordered, and filled with premium Montessori materials. Everything is within reach. Everything invites independence.

Children don't just learn here. They manage their own environment.

03 – Đà Nẵng's first AMI-trained teaching team

Photo: Teacher working one-on-one with a child – close, attentive, warm

Copy: Cocoon is the first Montessori kindergarten in Đà Nẵng where every teacher – including the school's leadership – is trained and certified by the Association Montessori Internationale (AMI), founded by Dr. Maria Montessori herself in 1929.

AMI teachers aren't instructors. They're guides. They observe before they act, prepare before they teach, and step back when a child is on the verge of figuring something out for themselves. It's a different kind of skill – and it makes a visible difference.

04 – English absorbed, not studied

Photo: Child interacting naturally with a foreign teacher

Copy: Every class at Cocoon has a consistent, experienced foreign teacher. Children don't have an "English lesson" – they live in English all day.

This matters because of timing. Between birth and age six, children have what Montessori called the Absorbent Mind and a Sensitive Period for language – a window when picking up a second language is as natural and effortless as learning their first. Miss it, and the effort required is fundamentally different.

Cocoon is built around this window. English isn't a subject here. It's the air.

05 – Tuition that's transparent, consistent, and fair

Photo: Warm image of a parent and child arriving at school together – relaxed, unhurried

Copy: Tuition at Cocoon is the same across all age groups. No tiered pricing, no hidden fees, no surprises mid-year. Families can plan with confidence from day one.

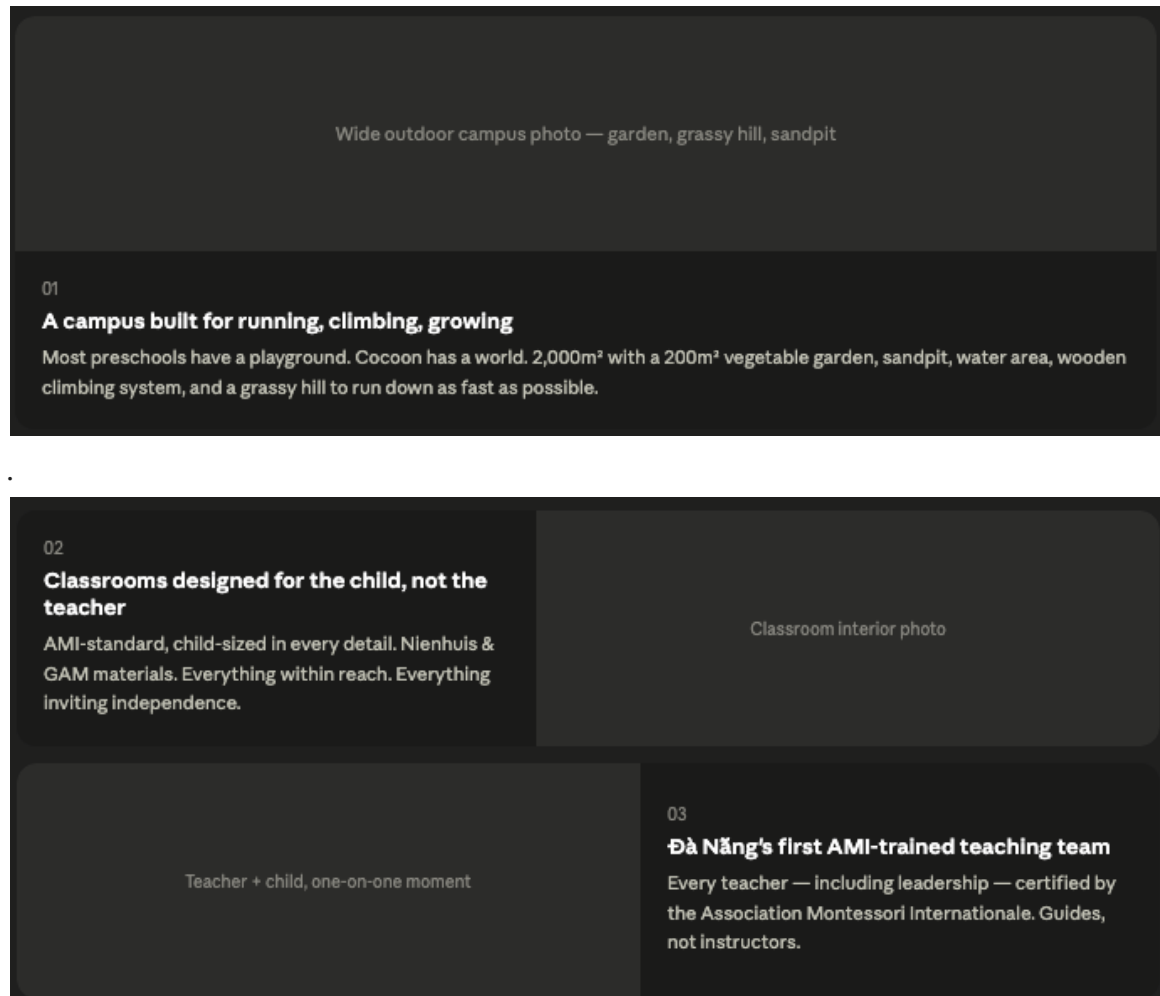

Ask us about our full fee schedule during your tour — we believe in being completely open about cost.

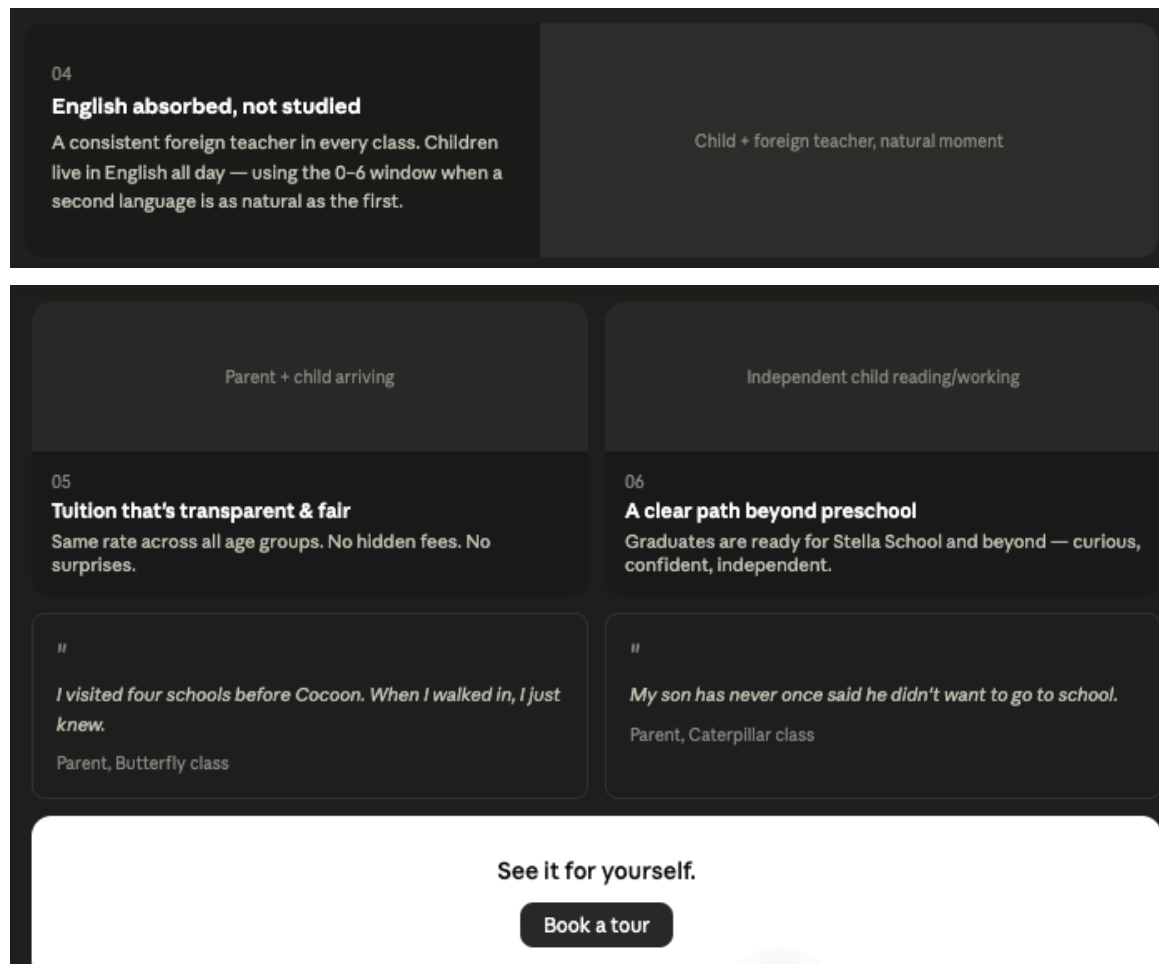

06 — A clear path beyond preschool

Photo: Older child reading independently or working on a project — confident, focused

Copy: Children who come through Cocoon don't just leave ready for primary school. They leave knowing how to learn — independently, curiously, and with confidence.

The Cocoon foundation makes that transition not just possible, but seamless

Testimonial placeholders are included right before the CTA — that's the highest-converting placement, right when a parent is deciding whether to act.

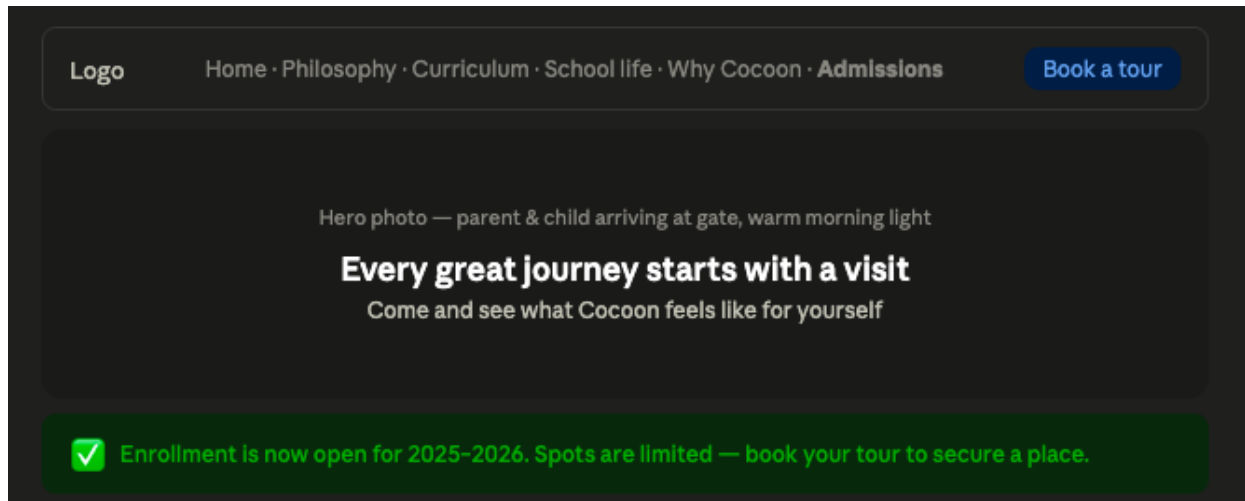

6. Admissions

Cocoon Montessori — Admissions Page Brief

01 -Enrollment Status Banner

Layout notes: A simple, high-visibility colored band directly below the hero — one line

Enrollment is now open for the 2025–2026 school year. Spots are limited — book your tour now.

02- Tour Booking Form

Layout notes: This is the single most important element on the page. Place it high — visible without scrolling on desktop, first scroll block on mobile. Keep fields minimal. Form should trigger an automatic confirmation email/SMS to the parent and a real-time notification to the admissions team.

Copy

Form fields:

- Parent name (required)
- Phone number (required)
- Email address (optional)
- Child's date of birth (required — helps team prepare the right info)
- Preferred tour date (date picker — Mon–Sat only)
- How did you hear about us? (dropdown — optional, useful for marketing)
- Message / questions (optional, open text)

Button: Book my tour

03- What to Expect on Your Visit

Layout notes: 4-step horizontal process strip. Warm, reassuring tone — parents who know what's coming are far more likely to show up. NOT a bullet list; use numbered steps with a short description each.

Copy

- 1. Book** Pick a date that works for you. We'll confirm within 24 hours and send you everything you need to know before you arrive.
- 2. Arrive** We'll welcome you at the gate. No paperwork, no pressure — just a warm welcome and a chance to see the school in action.
- 3. Explore** Walk through the classrooms, see the garden, meet the teachers. Ask us anything — there are no wrong questions.
- 4. Decide in your own time** If Cocoon feels right, we'll walk you through the enrollment process. If you need more time, that's completely fine. There's no rush.

The mockup is a dark-themed interface. The top section is titled "What to expect on your visit" and contains four rounded rectangular boxes, each representing a step. Step 1, "Book", includes a blue number "1" and the text "Pick a date — confirmed within 24 hours". Step 2, "Arrive", includes a blue number "2" and the text "No paperwork, no pressure — warm welcome". Step 3, "Explore", includes a blue number "3" and the text "Classrooms, garden, teachers — ask anything". Step 4, "Decide", includes a blue number "4" and the text "In your own time — no rush". Below this section is a heading "Which class is right for your child?". Underneath are three rounded rectangular boxes for different classes. The "Caterpillar" class features a caterpillar icon, the text "15 months - 3 years", and the description "Gentle first steps — language, movement, independence". The "Butterfly" class features a butterfly icon, the text "3 - 5 years", and the description "Language, curiosity & social skills explode". The "Preparatory" class features a star icon, the text "5 - 6 years", and the description "Academic & personal foundations for primary school".

What to expect on your visit

- 1 Book**
Pick a date — confirmed within 24 hours
- 2 Arrive**
No paperwork, no pressure — warm welcome
- 3 Explore**
Classrooms, garden, teachers — ask anything
- 4 Decide**
In your own time — no rush

Which class is right for your child?

-  **Caterpillar**
15 months - 3 years
Gentle first steps — language, movement, independence
-  **Butterfly**
3 - 5 years
Language, curiosity & social skills explode
-  **Preparatory**
5 - 6 years
Academic & personal foundations for primary school

04- Enrollment Process

Layout notes: Numbered step list — clean, simple, reassuring. Parents want to know exactly what they're signing up for. Keep each step to one sentence.

Copy

1. **Book a tour** — Visit the school and meet the team
2. **Receive your enrollment pack** — Application form, fee schedule, and everything you need
3. **Submit your application** — Return the completed form with required documents
4. **Confirm your place** — Pay the enrollment deposit to secure your child's spot
5. **Welcome to Cocoon** — We'll send you a full orientation pack before your child's first day

The enrollment process

- 1 **Book a tour** — Visit the school and meet the team
- 2 **Receive your enrollment pack** — Application form, fee schedule, document checklist
- 3 **Submit your application** — Return completed form with required documents
- 4 **Confirm your place** — Enrollment deposit to secure your child's spot
- ✓ **Welcome to Cocoon** — Orientation pack sent before your child's first day

Tuition — transparent, consistent, no hidden fees
Same rate across all age groups. Full schedule includes meals & standard activities.

[Request our full fee schedule →](#)

05- Tuition

Layout notes: Simple, honest block — not buried, not over-explained. The transparent-tuition point is a genuine differentiator so give it its own space. Exact figures to be confirmed by school — placeholder structure below.

Copy

Tuition at Cocoon is the same across all age groups — no tiered pricing, no hidden fees. What you see is what you pay.

Our full fee schedule includes tuition, meals, and standard activities. Additional services (transport, extracurriculars) are listed separately so families always know exactly what they're paying for.

[Request our full fee schedule] — we'll send it directly to you.

06- FAQ

Layout notes: Accordion/expandable list. These are the real questions hesitant parents have — answer them directly and warmly, not defensively.

Q: Does Cocoon accept mid-year enrollment? Yes — subject to availability. Contact us and we'll let you know which classes have spaces.

Q: Is Cocoon suitable for children with no prior English exposure? Absolutely. Cocoon is designed for children in the 0–6 window when language absorption is natural — no prior English is needed at all. Your child will pick it up by being immersed, just as they learned Vietnamese or another language.

Q: What are the school hours? Our full schedule is confirmed during your admissions consultation — hours may vary slightly by age group and academic year. Just ask when you visit.

Q: Is transport available? Shuttle service operates on selected routes each academic year. Details are confirmed at enrollment.

Q: Can we visit on a Saturday? Yes — Saturday tours are available. Select Saturday in the tour booking form and we'll confirm a time.

Q: What documents are needed to enroll?
